A taste of TASTE! Rebecca LeHeup-Bucknell, left, executive director of Taste!, holds a bounty of peppers while glass artist Heather Watson displays the new award of excellence which will be bestowed upon award winners at "Taste! A Celebration of Regional Cuisine" on Sept. 27 at the Crystal Palace in Picton. Watson, who designed and produced the glass for the award worked, collaboratively with blacksmith Andy Pomorski and woodworker Peter Josic to produce the sculpture. A farmers' market will be an added attraction at the event.
